SOUVENIR

Ants *on* your pants?

Keep your eyes peeled after pulling on **Red Ants Pants**. Every pair of these women's work jeans (\$119) has a sewn-on red ant. "See if you can find your ant in the same place on someone else's," says creator Sarah Calhoun. "Send a photo of the match and we'll send you a T-shirt." Visit her shop in White Sulphur Springs, Mont. (406) 547-3781, redantspants.com.
